

FAN CHARTS & FAMILY TREES

SUPPLIES

- cardstock or copy paper
- printer
- crayons or colored pencils

INSTRUCTIONS

1. Print off the family tree or fan chart. Either plan ahead and have youth bring the names of their ancestors with them, or provide computer access so they can look it up online.

Tip: Sharing pictures of ancestors is a great way to get to know them. You could play a guessing game to see which ancestor is related to which youth in your YW or YM group. Or you could have your own family look for features that are similar to their own.

COPYRIGHT & SHARING FILES

I would love for you to share these files with anyone you would like. Please do not sell, use as a site giveaway or alter the files in any way. All images and text belong to Prickly Pear Design Co. and the links that are included in each of the outlines source info provided on lds.org.
